PCL Signature Order Instructions

To create a signature font we need an **actual copy of the order form**. Do not fax or email this form to us. Sign this form **inside** the box and mail or courier the form to us. All signature orders must be prepaid. **We do not accept purchase orders** for signature fonts. To order, follow the steps below.

Step 1: Print several copies of the order form page. Before filling out the form, practice signing your name(s) inside the box. A very fine tip felt pen works best. Pick the best looking signature and use that form in the steps below. No part of your signature may touch or cross the lines that make up the box.

Step 2: If one person has signed their name inside the box, the cost to convert that to a font is $139. If the signature font must print two signatures at once, then both parties must sign inside the box and the cost will be $189. If the signature font must print three signatures at once, then all parties must sign inside the box and the cost will be $239.

Step 3: Normal processing time is 7 – 10 business days after **receipt** of the order form and payment. If you are in a hurry, you can add $50 to the cost for **rush service**. Check the box on the order form for this. This will cut processing time to 2 – 3 business days.

Step 4: Select the type of return shipping you want. Email is the quickest way to receive a signature. If you select email, make sure you white list the domain barcodingfonts.com in your spam filter or firewall. The download email will come from this domain. You can select both email and physical delivery at the same time to receive a download and back up CD.

Step 5 Options:

Line under signature. We can create a line under your signature. Check this box and include an extra $30 for each line we add. (2 signatures need 2 lines = $60.)

Title next to signature. We can add a title next to your signature. Check this box and include an extra $50 for each title we add. (2 signatures need 2 titles = $100.)

Resize a signature. If you can not sign in the one inch tall box, you can sign on a separate piece of pager and have us resize the signature to fit the available space. Check this box and include an extra $35 for this service.

Modify an existing font. If you must use a specific font file, you can send a copy to us and we can replace the old signature in it with a new one. Check this box and include an extra $25 for this service.

Specify selection string. If your application sends a specific command string to the printer to select your signature, we can match that command. Check this box, type out your selection string, and include an extra $35 for this service.

Specify starting selection character. If your application sends a specific character to the printer to select your signature, we can match that character. Check this box, specify your starting character, and include an extra $35 for this service.

Step 6: Fill out the payment information section and the contact information sections of the form. Please fill out all fields so we can contact you in case of a problem.

Step 7: Send us the form, along with your payment via mail, UPS, FedEx, or DHL to:

Elfring Fonts Inc.
4N899 W Mary Dr
St Charles, IL 60175

Review: Please make sure all your information on the order form is legible!
